

# PCR Vending Machine

Our COVID-19 Test Vending Machine gives you the tools you need to combat COVID-19 and any future viruses that may impact your college.

The Shield T3 vending solution... capabilities, including intuitive dashboard results and direct notifications to users via text and email.

Can be placed anywhere indoors.

## Shield T3's PCR vending machine solution is designed to help remove the strain on your campus systems.

- **Fast** - Results in 24 hours or less (on average 6-12 hours from time to arrival at one of our Shield T3 labs).
- **Mitigate Risks** - Easy access to testing is increased and allows you to have a solution in place when the next COVID-19 outbreak occurs.
- **Perception of Safety** is gained and shows your students and staff you care about their health.
- **Testing Costs** decrease when using Shield T3 tests, which are half the cost of other PCR tests.

### When you set up a Shield T3 vending machine at your location we:

- Provide drop box(s) for sample collection.
- Have a Shield T3 courier collect the samples and deliver them to our nearest Shield T3 lab.
- Restock the machine when it gets low.
- Provide any maintenance the machine may require.
